

Cannassentials

This flower is **DEM Pure Certified**. It was grown with 100% pure ingredients, using zero synthetics, chemicals/pesticides, or unhealthy animal products and is never extracted with petrochemical solvents. It is grown with utmost respect for Mother Earth, the cannabis plant and you, our customers. The pure certification incorporates many beyond organic closed loop systems; using plant biomass, geothermal technology, smart water systems, living soil and healthy pest managements solutions. This certification ensures the best flower for your health and wellbeing, as well as providing community building, rightful education, the sharing of ideas, and ecological practices. **DEM Pure Certified** farms utilize solely regenerative and biologically intelligent cultivation practices.

DEM Pure Certification standards guarantee safe, healthy medicine that you can feel good about enjoying.
